

STAGE DOOR KIDS Everyone Plays a Part

STAGE DOOR KIDS Summer Arts program is accepting theatre-loving kids who will be introduced to the great white way and all aspects of putting together a Broadway Show! Our performing arts program offers intensive training for dance and musical theatre in a supportive, creative and enriching environment for students of all ages.

STAGE DOOR KIDS is five full days, 9:00—4:00pm of singing, dancing and acting. Working with a Director, Choreographer and Voice teacher, performers receive training in voice, dance, movement, solo and ensemble singing. Together they rehearse dialogue, musical numbers and dance routines for the Broadway musical at the end of the session. Stage Door Kids makes the performing arts accessible to children and teens by connecting young artists with theatre professionals in original and creative ways. Our instructors maintain a professional atmosphere, while our program offers a variety of performing experiences from stage productions to intensive arts enrichment. Our program fosters teamwork, discipline, enrichment, support and fun; lessons that will resonate in all areas of our students' lives, long after they leave Stage door Kids.
